

Heating & Cooling Systems

# EVOLUTION™ SYSTEM

## 90+% GAS FURNACES

Model 987M and 986T

Control and Smart Sensor sold separately

## Benefits of an EVOLUTION™ SYSTEM

### Maximize winter energy bill savings

Up to 98.3% Annual Fuel Utilization Efficiency (AFUE). AFUE is a measure of how efficient your furnace is at converting the energy in fuel to heat.

### Maintain consistent comfort

System automatically adjusts to conditions, reducing temperature and humidity fluctuations.

### Easy-to-use Control

Manage your entire home's comfort with full-color touch screen, mobile app<sup>1</sup> or voice commands.<sup>2</sup>

### Customizable

Tailor your system to your lifestyle with occupancy sensing, zoning and remote-access technology.

### Monitor system health

Receive reminders for filter changes and tune-ups. Your system can also automatically alert your dealer if it needs service.

### Rest easy with a long warranty

10-year parts and lifetime heat exchanger limited warranty when registered on time.<sup>3</sup>

1. When connected to the Internet through a Wi-Fi® network  
2. Voice command requires using Amazon™ Alexa™ smart skills.

3. The limited warranty period is 5 years on parts and 20 years on heat exchangers if not registered within 90 days. Jurisdictions where warranty benefits are not conditioned on registration will automatically receive a 10-year parts limited warranty and a lifetime parts limited warranty on the heat exchangers. See warranty certificate at bryant.com for complete details and restrictions.

# Outstanding comfort **WHATEVER** the temperature outside.

## Perfect Humidity® Technology

Helps ensure great summertime dehumidification when system components include multi- and variable-speed cooling products.

## Hybrid Heat® Dual-Fuel System

A dual-fuel solution that combines an electric heat pump with a gas furnace. This allows the system to choose the most efficient fuel source while delivering year-round comfort and efficiency.

## featured TECHNOLOGIES

Complete Evolution™ system furnaces feature these exclusive advancements.

## Fan On Plus™ Technology

Helps improve comfort all year long by allowing you to select different fan speeds during continuous fan operation.

## Perfect Heat® Technology

Continually monitors and adjusts performance for multi-stage furnaces using current and past conditions.

## SmartEvap™ Technology

Helps prevent unwanted humidity from re-entering your home when paired with a compatible thermostat.

# Gain more control with a complete **EVOLUTION™ SYSTEM**

With highly advanced communication at its core, a complete Evolution system gives you total control over your home's temperature, humidity, ventilation, air quality and zoning.

### EVOLUTION CONNEX™ CONTROL

Capable of managing a complete home comfort system including humidity, ventilation and zoning.

### EVOLUTION AIR CONDITIONER

High-efficiency cooling power delivering whole-home comfort and energy savings.

### EVAPORATOR COIL

Matches to the proper outdoor unit to provide top cooling efficiency and years of reliable service.

### AIR PURIFIER

Patented Captures and Kills® technology treats 100% of the air flowing through your system.\*

### HUMIDIFIER

Alleviates dry air by adding moisture.

### VENTILATOR

Transfers heating and cooling energy to the incoming fresh air.

\* Based on third-party testing (2012) showing 95% of particles size of 1.0 to 3.0 microns captured. Based on third-party testing (2012, 2007) showing > 99% kill rate for common cold surrogate, streptococcus pyogenes and human influenza.

# BRYANT® HEATING SOLUTIONS

There is a Bryant product for almost any heating and cooling need or budget.  
Only your Bryant dealer can help you decide which is right for you.
